Is there any VIDEO of operating MRR using CAtrain?  
Can you provide any links or web addresses?  
I can not find any CAtrain layout video using bing or yahoo :(  
THANKS !  
Joe.

It's 2012 and I still have not found any real world operating model railroad, using CATRAIN to controll it.:( :(

For you CaTrain lovers!  
Unfortunately, the film was pretty bad. But I post it anyway!
